ESI Products and Services

- Online **college and career readiness** libraries
- Online **college and career readiness** assessments
- Online **college and career readiness** information system
- Online **college and career readiness** communities

ESI Mission

The public-benefit purpose of the Corporation is to advance the educational and career development of students, prospective students, and adults. The Corporation is organized exclusively for educational purposes, including, for such purposes, the creation of products and services that enable schools, public services, and other entities to provide guidance, support, and encouragement to students, prospective students, and adults in matters pertaining to career and educational development.

ESI Mission

...to ensure extensive encouragement services for all.
